"Why do I teach? I've had days when I honestly couldn't remember. Days when I felt overwhelmed by stacks of ungraded papers, aborted lesson plans, undisciplined students, displeased parents, demanding seniors, silly cheerleaders and approaching yearbook deadlines. On those days, God brings to mind the commitment I made eight years ago to the education of teenagers. I decided then that the only worthwhile occupation for me would be one where I could have a positive impact on the lives and minds of young people. I can't say how successful I've been at doing that but I am confident that I'm involved in the ministry that God has for me. I love my students at Valley and want to see them excel in all areas of their lives. We are actually educating each other; I just pray that I have taught them as much as I have learned from them."

Webster defines them as those who instruct. Society often equates them with the "Baby-sitter." God views one as bearing the responsibility of molding properly His children's characters and intelligence. James 3:1 warns that God will incur a stricter judgment on one. This "one" is the teacher. Here at Valley Christian we are blessed with a very special group of people who not only recognize but are willing to take up the challenge and responsibilities that are teaching. Better than begin just teachers, they are teachers for the Lord. Better than just people, they are people within the Word. Best of all, they are both. No student at Valley will ever be able to look back at his high school year's and not remember at least one teacher and that remembering is evidence enough of how effectively they touch our lives. Ephesians 6:10-18 speaks of putting on the whole armour of God. Thankfully, through our teachers, we have been blessed with not only personal armour-makers but with personal friends in the Lord.

We thank you Lord, for the ten people you have established as the current Valley Christian High School Board of Directors.

We are grateful for their spiritual leadership and insight stemming from their walk with Christ. We thank You, too, for the love, talents and time each member brings and invests in the school. We trust you for the results that will be manifested in the lives of our students.

Finally, we ask your blessing, wisdom and peace upon these servants and may their reward be from you.

The teachers are willing enough to help us if we only ask them — I didn't find that at public schools. The students generally get along but there are some disagreements. I look forward to attending Valley for the rest of my high school years."

The school was very supportive of my family and me after my accident. I thank you all for your prayers and help through that traumatic experience. Many thanks for the meals that were brought to our house and the visits to the hospital. I believe your prayers are largely the reason why I am able to walk today. On my return to school, the teachers made special efforts to help me catch up with all the work I missed. Because of their help, I was able to return easily to the routine of school.

ORGANIZATIONS

STUDENT COUNCIL

Valley Christian, being the small and new school that it is, has put some heavy responsibilities on the Student Council. We have to determine what things should become traditional and important at our school. In the four years that I have been on Council, we have planned the spirit weeks, worked on the constitution, planned fun activities, organized pizza sales, helped with fund raisers and tried to get the school involved in school functions. Hopefully, the Student Council has set a good precedent and a strong foundation for this school and for the students who attend Valley.

This year the freshman class has accomplished two service projects. By raising money at a car wash, we were able to buy food for two needy families at Thanksgiving. We had two other car washes which raised needed funds for our trip to Payson. While there, we did many outside jobs for Mountain Meadow Lodge. We spent three days there and our class grew closer together.

What a difference a year makes! As we Sophomores pause at the half-way mark of our high school education, we realize we have gained more knowledge of the three R's, biology, geometry and English II. Many experiences have brought us together and our spiritual lives have been enriched under the practical teaching of Mr. Barnes. Our scripture verse is Colossians 1:10, "And we pray this in order that you may live a life worthy of the Lord and may please Him in every way: bearing fruit in every good work, growing in the knowledge of God."

CHAPEL PROGRAM EFFECTIVE MINISTRY AT VALLEY

L. to R.: Brad VanGelder, Phil Black, Mr. Barnes, Robby Seals, Kim Courtney, Dennis DelValle.

It has been the intention of the chapel committee to wait on the Lord for His perfect will regarding our chapel speakers and programs. The speakers the Lord has provided have been used of God in our student body. The chapels have varied in content and have included speakers from local youth ministries, our own teachers and staff, college representatives, missionaries and drama departments. We've had a lot of comments on the chapels being interesting, meeting spiritual needs and also caring in their presentation. Special music has been provided for the most part by our own student body. We thank the Lord for our music staff's input and preparation. The chapel committee has desired to minister further in the lives of our students and has begun a prayer band and a suggestion box for further ministry opportunities and prayer availability. We are conscious of the Lord's further ministry to and in our lives daily and we are at your disposal and His to be available to minister further.

TO IT

"Being on varsity cheer has been a really great experience. I've learned to work with people and mostly trust them. You have to have the trust when you're the one on top. I really feel that our cheer squad grows close during the year. I admit we've had our bad times but we always work them out. Cheer camp this past summer was a real encouragement. We won a lot of awards which made us excited for the season. Cheerleading is a great sport. I like to be loud and show spirit and I also like to get others involved in showing spirit, too. Cheering the team on to victory makes all the hard work worth it."

J.V. CHEERLEADING

This was the first year for J.V. Cheer at Valley. It started with nervous anticipation at try-outs and ended with six excited cheerleaders. Philippians 4:13 was our motto for the season. Sometimes when one of us would say, "I can't do it!" the others would respond with, "Oh, yes you can!" Then our coach, Cami Webb, would remind us of our motto and encourage us to keep trying. Through the season, our squad has learned a lot and has grown close to each other. We will never forget this first year of J.V. Cheer.

SPIRIT WEEK

Spirit Week went over really well at Valley this year. There were a lot of creative costumes worn as you can see above. The days and dress were distinguished as follows: Tuesday: Fiction Day, Wednesday: 50's Day, Thursday: Tourist Day and Friday: Career Day. Our student council did a fine job organizing this all-school activity.

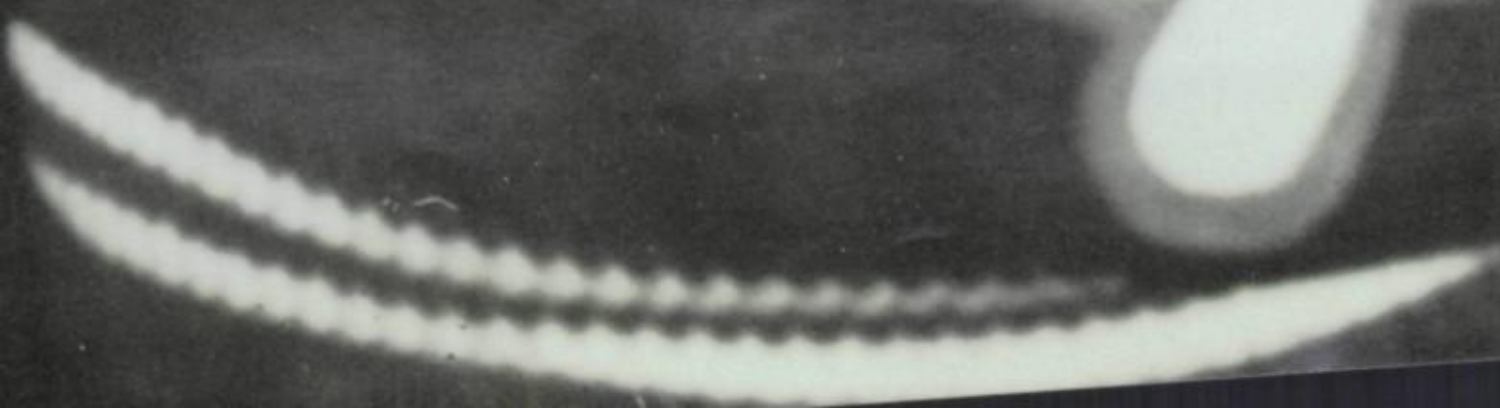

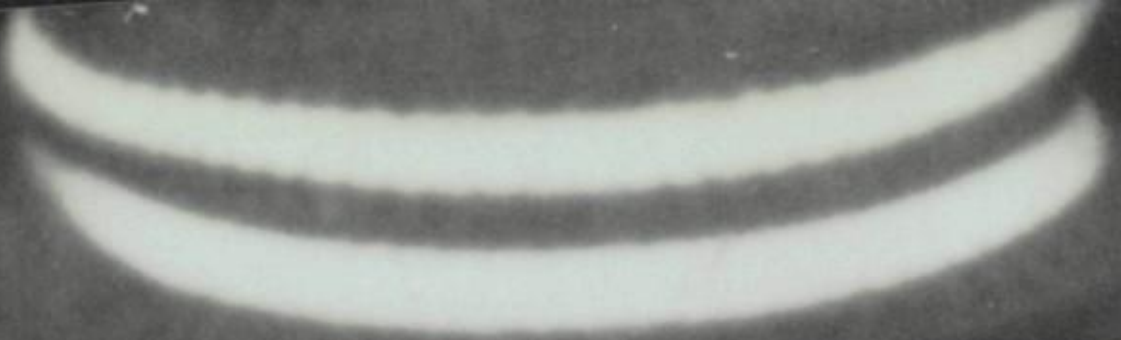

ART ASSEMBLY

Frank E. Gaebelin, in his book *The Christian, the Arts, and the Truth*, asks the question, "Why should we be concerned with excellence in the arts? Simply because of God's surpassing excellence in creation and beauty as in all else . . . Such a God demands our best in the fullest use of our talents and our grateful use of their products to the glory of God." With this motivation in mind, Diane Buchanan brought a series of art lectures to the students of Valley Christian High School. The lectures, using a variety of visual media, emphasized art history, the elements and principles of art, focused on particular artists such as Picasso, and always made a firm connection of art with Scripture. The goal of these lectures was not to create artists, per se, but to help each student discover the creativity that lies within himself and to learn to analyze, interpret and evaluate art works in light of the Bible, which speaks to us about who we are and about our aesthetic responsibility under God. It is my hope for the students of Valley that whether they are the possessors of artistic talent or the beholders of it, they will acknowledge the gracious One who bestows it. — Diane Buchanan

Look at it this way, they are
both memories. Good and bad.
I know how hard life's been
on you, especially this last

going on at school with
everyone. Just remember the battle

you what you can handle.
This just shows what a strong

Amy-

July chick! It's been a blast this year! I'm glad we got to be good (best) friends. I hope we get to be better friends over the summer and next year. Good luck as a varsity cheerleader and have fun next year with the guys, even if I don't go next year. Good luck with stuff don't do anything I wouldn't do. Okay? You know what I mean, by that! I'm

I'M REALLY GLAD THAT WE GOT TO BE FRIENDS. YOU'RE SO FUN TO BE ON THE SAME CHEER SQUAD. I HOPE WE CAN STILL BE FRIENDS NEXT YEAR & HAVE A LOT OF FUN ON THE VARSITY CHEER SQUAD (VARITY = THAT'S NEAT!).

See ya next year! We will miss you at the party. I'm sure you'll get to go. Have fun next year with Misti and Randi and Julie on varsity cheer. I'll go to all the games to watch you cheer, even if I don't go to rally. Enjoy cheer camp and live above anything they (you know who) say to you. You know I'm here if you ever need someone to talk to or spill out all of your problems. Well, life's been great knowing you're there for me. Thank for always being there. We've been through some tough times but look, we've survived! We've
